

Communities in Schools Partners with Chick-fil-A for Cookies for a Cause

Do you have a sweet tooth for helping children? Last year, Chick-fil-A partnered with Communities In Schools and raised over \$3,000 during the month of October with "Cookies for a Cause".

Communities
In Schools

Milledgeville/Baldwin County

This year, please help us raise even more by ordering a cookie with every meal during the month of October at the Milledgeville Chick-fil-A! You can take cookies to every meeting, gathering, cook-out with friends, colleagues, and family! You will be providing local academic support by enjoying a delicious cookie. Anyone can help us - any time of the year by: making donations, or, collecting school supplies, uniforms, or personal care items.

You can make a life-long difference for a child by becoming a regular tutor (an hour a week), or you can volunteer for events like Read for the Record - a one hour time commitment on October 19th.

When children succeed in school, it ripples out into the community by drawing new businesses and citizens that are work ready! We're talking economic impact.

If you are interested in donating, becoming a tutor, or volunteering with Communities In Schools, please contact Communities In Schools at 478-452-3408 or email us at volunteerCISMBC@gmail.com.
